

A touch of magic

## Testimonials

'Genie Events, lead by Sarah Roles and her team, have not only helped produce the Pay Awards for the last 4 years, but have also worked hard at making it a success. Year-on-year, the Genie Events team have gone out of their way to assist in making each year's event memorable and better than the year before.

From technical set-up, to theming and from production to sourcing entertainers, Sarah's team are really good at providing suggestions and solutions to our event requirements and do not seem to have a problem being creative about it too. They are a pleasure to work with and are flexible enough to deal with client's changing their minds, when necessary. I do recommend their services to anyone interested in creating a memorable event.'

'I can't recommend Genie Events enough. A group of extremely professional people, who work to a remarkably high standard, pay great attention to detail, look after the client's interests and needs, and are pleasant and enjoyable to work with. The events they have done for me have run smoothly and seamlessly and were of a very high professional standard; both in terms of the technical aspects and room decoration. I couldn't be happier with the results and am already looking forward to working with them again.'

'Genie Events recently produced and co-coordinated our conference for 250 people. This was our first conference and very late on in the organising of this event we realised we had taken on too much to do by ourselves. Genie stepped in and with their calm manner and professional attitude the team really inspired us and we would definitely use Genie Events again for our next conference. We couldn't have managed without them.'

**Chief Executive / The Academy for Chief Executives**

'Thank you so much for all your hard work for our convention. We were delighted with the delivery of the event and have already received a number of comments from delegates about the very positive atmosphere on site. The stage set looked great and delivered exactly what we were looking for in terms of reinforcing the UKinbound brand. The flexibility and professionalism of your team undoubtedly played a major role in the smooth running of the sessions. Thanks again for everything and I look forward to working with you again on future events.'
